Then, you've got to check out what's in the  
Girls Night Out Guide...

**Party ideas** -Some ideas will challenge you. Some will make you laugh. Some will make you feel like a kid again. Each idea will create an amazing memory that will last a lifetime and increase the bond you already share with your friends.

- Getting creative and putting an emphasis on fun will make a memorable bachelorette party.
- Obviously, the bride-to-be should not have to spend a dime, so to be fair everyone else should split the costs equally.
- Suggestion:-) Start off at a trendy place for cocktails and finger food, then ride in a limousine to a hot spot for dinner and drinks. Then hop back in the limo to go see the Hunks at a male revue e club! After the show, head out to a dance club... for other ideas visit our [www.girlsliketoparty.com](http://www.girlsliketoparty.com)
- Make the party festive -Dress up the bride & pals, have party favors for all the gals, play games, take lots of pictures and give a keepsake gift for the bride.
